Erasmus Plan

Objectives

The following is the list of your Erasmus Plan objectives and your estimated yearly activity targets. Please consider these objectives carefully when requesting your activities in the next section. Above all, you should make sure that the activities you request can contribute to achieving your Erasmus Plan objectives - this will be one of the key measures for evaluating your activities once they are finished.

Planned activities

The following table shows your estimated yearly targets for number of participants.

These yearly activity targets are not obligatory. You will not be penalised if you request fewer activities than originally planned according to the table below. Working on your Erasmus Plan objectives is more important than reaching a specific number of participants. You are also allowed to request staff or learner activities even if they were not included in your accreditation application, as long as they contribute to your Erasmus Plan objectives.

Year	Estimated number of learners	Estimated number of staff
Year 1	10	3
Year 2	10	3
Year 3	10	3
Year 4	10	3
Year 5	10	3

Activities

List of activities

How does the budget request work?: The figures that you provide here will be used in the scoring of your budget request and will serve as your targets for implementation. If the National Agency is not able to provide budget for all of the requested activities, the targets included in your grant agreement will be adjusted accordingly. At the end of the grant agreement, your results will be evaluated based on the agreed target figures. For this reason, it is very important to make the most realistic request possible, rather than the most ambitious one. You do not need to provide a list of hosting organisations as part of your budget request. During project implementation you can freely decide which hosting partners you want to work with.

At the same time, flexibility is an important feature of the accreditation system. During implementation, the actual number of participants and duration of activities may vary. The key principle to keep in mind is that you should always be able to explain your choices in relation to your Erasmus Plan objectives

Please choose the types of activities you would like to implement in your project and complete the following table with the number of participants and duration for each type of activities you have chosen. In addition, you can request accompanying persons and preparatory visits where needed.

Before completing this table, make absolutely sure that you are familiar with descriptions and rules of each activity type as presented in the Erasmus+ Programme Guide. It is best to complete the table with the Programme Guide open.

Activity type	Number of participants	Total duration (in days)	Average duration (in days)	Number of accompanying persons	Total duration (in days) for accompanying persons	Average duration (in days) for accompanying persons	Total number of persons taking part in preparatory visits
Short-term learning mobility of VET learners	10	120	12	10	120	12	0
Job-shadowing	3	15	5	0	0	0	0
Total	13	135	10,38	10	120	12	0

For individual mobility activities of learners, you have requested a large number of accompanying persons compared to the number of participants. Please explain your request in order to enable your National Agency to decide if this number of accompanying persons is justified.

Elevii nostri au nevoie de insotitor deoarece au CES si beneficiaza de Certificat de orientare scolara si profesionala. Ei au deficiente usoare,medii si grave. Mare parte din ei manifesta tulburari comportamentale si emotionale,tendinta de izolare,tulburari de natura neuropsihiatrica ce necesită isotirea de catre o persoana adulta. Majoritatea au deficiente asociate sau multiple,insotite de o varietate de tulburari.Des intalnite sunt deficientele intelectuale,tulburarile din spectrul autist si surdocecitate.Sunt elevi cu nivel de maturitate emotionala,socializare foarte scazut,grad de adaptabilitate si flexibilitate redus.Cea mai mare parte dintre acesti elevi nu au cunoscut alte medii,in afara de propria locuinta si scoala,fiind retinuti,tematori la tot ce este nou. Pentru deplasarile in mobilitatile Erasmus este necesar sa fie insotiti de persoane de referinta,cu care au o legatura emotionala(printre care mentionam profesorii, personalul scolii,psihologii,membrii de fam,educatori etc

Exceptional costs and inclusion support for participants

In this section you may request Exceptional costs and Inclusion support for participants. As opposed to standardised unit costs applicable for other types of costs, these budget categories are funded based on actual expenses. These non-standard costs require specific description and justification in order to be approved. Before making a request, please read the funding rules in the Programme Guide to make sure the type of expense you are requesting is eligible.

Please note that inclusion support has two components: inclusion support for participants and inclusion support for organisations. Only expenses defined in the Programme Guide as 'Inclusion support for participants' should be included in the table above. The standard unit cost for inclusion support for organisations does not need to be requested here - it will be allocated automatically for each participant with fewer opportunities.

Cost type	Activity type	Estimated number of participants requiring support	Description and justification	Estimated cost (EUR)	Support rate (%)	Eligible amount (EUR)
Inclusion support for participants	Short-term learning mobility of VET learners	10	Elevii provin din familii cu situatie materiala precara,nepermitandu-si sa isi cumpere nici strictul necesar,ei beneficiind de masa si cazare gratuite in internatul scolar.
